Mechanical Engineer

Aerial Lifts
Failure Analysis
Water and Sewer Systems
Industrial Accident Investigation
Machine Safeguarding
Products Liability
Vehicle Mechanical Failure

EDUCATION

1975 Masters of Business Administration

University of South Carolina

1968 Bachelor of Science in Mechanical Engineering

University of South Carolina

EXPERIENCE

1998 to Present

The Warren Group, Inc., Irmo, South Carolina. Senior Consulting Engineer performing specialized consulting and training related to property damage and personal injuries involving mechanical systems.

Mechanical Failure Analysis

Swimming pools, hot tubs, and recreational water hazards, potable and wastewater systems, trucks and heavy equipment, diesel engines, property damage loss analysis, investigation of accidents and the analysis of designs with regard to safety.

Safety Design Analysis (both personal injury and property damage) Industrial accident reconstruction, machine safeguarding, machine controls, OSHA compliance, standards and codes compliance, products liability, product failures, failure analysis, consumer products.

Fire & Explosion Analysis

Determine origin and cause, cause of fire spread, cause of the injury or property damage and establish responsibility for fires involving agricultural, heavy equipment and industrial machinery.

Training

Fire and life safety, standards and codes, hazard identification, risk assessment, engineering design for safety and products liability.

1995 to 1998 Founding Partner, WDS Development, Lexington, South Carolina. Development of residential properties.

1987 to 1995 Laidlaw Environmental Services, Inc., Columbia, South Carolina. Vice

President, Engineering and Regulatory Affairs. Largest hazardous/industrial waste management firm in North America. Responsible for a professional staff of 150 employees involved in Engineering, Health and Safety and Regulatory compliance for all North American operations (over 100 sites).

EXPERIENCE, Continued

1987 to 1995

(Continued)

- Played major role in due diligence investigations of targeted acquisitions, including a multi-site company purchased for more than \$230 million.
- Developed and marketed OSHA/DOT/RCRA internal training programs to outside clients, including such firms as Dow-Jones, Lockheed, City of Los Angeles and others.
- Served on steering committee for business process improvement (re-engineering).
- Responsible for major capital construction, including successful major modifications to the largest hazardous waste incinerator in North America, under very tight regulatory controls, schedule and budget.
- Contributed to dramatic improvements realized in safety performance over a four-year period. Auto liability costs reduced by 83% (despite increased mileage), Worker's Compensation claims per million hours worked reduced by 50%.
- Ran the oversight of medical surveillance program.
- Instituted internal and external compliance audit programs improving performance and reducing liability. Company cited by EI Digest, a major trade publication, for environmental excellence at 11 major facilities in 1995.
- Developed and promoted positions on legislation and regulations, initiated necessary legal challenges.

1983 to 1987

Laidlaw Environmental Services, Inc., Pinewood, South Carolina. Facility Manager. Overall manager of site with Profit and Loss responsibility, involving transportation, treatment and disposal of wastes, production and marketing of absorbent clays (cat litter), and major civil construction activities.

- Developed the conceptual design for major components of the most advanced landfill in the United States.
- Internalized construction costs of landfill cells to realize savings over 30%.
- Instituted significant improvements in worker protection, site security, site appearance and regulatory compliance.
- Handled majority of community and media relations for a site inherently objectionable to much of the public.

EXPERIENCE, Continued

1981 to 1983 South Carolina Department of Health and Environmental Control (DHEC),

Columbia, South Carolina. Assistant Deputy Commissioner for Environmental Quality Control. Responsible for all environmental programs and special

assignments.

1971 to 1981 South Carolina Department of Health and Environmental Control (DHEC),

Columbia, South Carolina.

Engineer/Manager of Water Supply Division District Director, Central Midlands Health District

Director, Domestic Wastewater Division

Responsibilities included roles in both management and field inspections for certification of utilities construction (water/sewer/landfills). As a staff engineer, reviewed and approved plans and specifications for public water systems, swimming pools, and bathing beaches. Later, as a District Engineer, was responsible for operation of water systems, sewer systems, swimming pools, and bathing beaches in the four Midland county areas.

1969 to 1971 The Torrington Company, Clinton, South Carolina. Manufacturing Engineer.

1968 to 1969 Charleston Naval Shipyard, Charleston, South Carolina. Fluid Power Engineer

1968 to 1974 South Carolina Air National Guard. Non-destructive Inspection Technician

1966 to 1968 Cummins Carolina Diesel, Columbia, South Carolina. Diesel Mechanic

PROFESSIONAL ORGANIZATIONS

National Association of Fire Investigators (NAFI)

American Society of Mechanical Engineers (ASME)

PAST AFFILIATIONS

Chairman of Building Committee, Lexington Medical Center Board, Lexington, South Carolina

Vice Chairman, Lexington Medical Center Board of Directors

ASM International

Vice President, Board Member of Environmental Technology Council, Washington D.C.

Advisory Committee, Environmental Training Center, Central Carolina Community College,

Sumter, South Carolina

Young Engineer of the Year, Columbia Chapter, South Carolina Society of Professional Engineers

PAST AFFILIATIONS (Continued)

Advisory Committee, State Water Plan (Water Resources Commission)

Participant on Governor's Task Force on National Resources and Environment

Water and Pollution Control Association of South Carolina

South Carolina Industrial Waste Management Association

South Carolina Chamber of Commerce Technical Committee

March 22-25, 2000

2000 National Advanced Fire, Arson and Explosion Investigation Science and Technology Program, Eastern Kentucky University, Richmond, Kentucky

- Electrical Fire Causes
- Explosion Investigation
- Fire Scene Analysis
- Computer Fire Modeling

March 29-31, 1999

1999 Property Loss Research Bureau Claims Conference, New Orleans, Louisiana

- Advanced Property Subrogation
- Preparing for a Deposition
- Managing Major Commercial Building Loses
- Boiler versus Open Peril Coverage and Loss Adjusting
- Legal Issues in Arson Defense

COURSES, SEMINARS AND LECTURES PRESENTED

November 10, 2015

"Who Else Owns This Workers' Compensation Loss? Looking Deeper When the Facts First Appear to be Bad," presented at the National Association of Subrogation Professionals, Eureka! Subro Education - 2015 Annual Conference

Three-hour seminar, approved by the North Carolina Department of Insurance, Continuing Education Agency Services Division, entitled, "Investigating Property and Liability Claims: Determining Who Else Owns This Loss?"

March 28, 2011 Travelers Insurance, Charlotte, North Carolina

October 4, 2011 Montgomery Mutual Insurance, Charlotte, North Carolina

June 13, 2012 EMC Insurance, Charlotte, North Carolina

March 31, 2011

"Utility Piping Case Studies: Faulty Workmanship - Has Crossman Clarified Anything?" Course presented at Columbia Conference Center, Columbia, SC

COURSES, SEMINARS AND LECTURES PRESENTED, (Cont.)

"Water Damage" presented at the Large Loss and Complex Claims Investigations Seminar, The Warren Group, Irmo, South Carolina

- August 27, 2009
- October 22, 2009
- March 18, 2010
- May 20, 2010

November 3, 2008

"Water, Water Everywhere – Evaluating Water Damage Losses," presented to Claims Management Association of SC, Charleston, South Carolina

November 29, 2006

"Homeowner's Insurance Losses," presented to insurance adjusters at Kemper Insurance, Charlotte, North Carolina

September 28, 2005

Course presented to insurance adjusters and industry, "Engineering Aspects of Residential & Commercial Losses," at the Investigate, Mitigate and Subrogate Seminar, Charlotte, North Carolina

October 8, 2004

"Who Else Owns this Loss and other Investigative Techniques," presented to the South Carolina Association of Legal Investigators, Spartanburg, South Carolina

June 1994

Presentation to the Safety Council of Nebraska, Inc., at the Ninth Annual Environmental Management Conference

June 25, 1991

Presentation to The Ninth Carolina Regional Conference on "Issues in Environmental Law and Technology," sponsored by the Greenville, South Carolina Chamber of Commerce

September 27, 1991

"Environmental Risk Assessment and Risk Communication Seminar," a case study presented to the South Carolina Chamber of Commerce Technical Committee

April 24, 1991

"Current Environmental Issues in the Legal/Political Arena," presented to the Paralegal Association, Columbia, South Carolina

June 6, 1990

Technical presentation, "Secure Landfills," presented at Haz Mat International 1990 Conference, Atlantic City, New Jersey

COURSES, SEMINARS AND LECTURES PRESENTED, (Cont.)

April 25, 1990

"Regulation of Hazardous Waste Management," presented to Fiber Producer Conference, Greenville, South Carolina, through Clemson College of Engineering Continuing Education

January 16, 1990

Seminar presenter at the "Solid Waste and Sludge Workshop," Davis and Floyd Engineers, Greenwood South Carolina

October 19, 1989

"Government Involvement in Industry," presented to the Carolinas Chapter of National Solid Waste Management Association, Charlotte, North Carolina

October 4, 1989

Speech presented to South Atlantic Section of Air and Waste Management Association, Virginia Beach, Virginia

1988

"Treatment Methods for Waste Management," presented to the School of Public Health, University of South Carolina

March 31, 1988

"Current Environmental Issues," presented to Environmental Law Society, University of South Carolina School of Law

September 20, 1986

Speech to Board of Directors, South Carolina Medical Association, Hilton Head Island, South Carolina

October 1 & 2, 1984

"Environmental Management," presented to South Carolina Society of Professional Engineers

March 1984

Speech to Conference on Textile Wastewater Treatment and Air Pollution Control, Office of Professional Development of the College of Commerce and Industry, Clemson University
